

# Symantec Installation Instructions

Instructions	Screen Shots
<p>Click the Symantec download link corresponding to your Operating System (OS) version.</p> <p><b>NOTE:</b> If you are unsure what OS you have, try <b>Symantec for Windows (32-bit)</b> first.</p>	<ul style="list-style-type: none"><li>• <a href="#">Symantec for Windows (32-bit)</a></li><li>• <a href="#">Symantec for Windows (64-bit)</a></li></ul>
<p><b>Double-click</b> or click <b>Run</b> on the downloaded file.</p>	 A Windows security warning dialog box with a yellow border. The text reads: "Do you want to run or save sep-32bit.exe (184 MB) from kyed.uscourts.gov?". Below this, it says "This type of file could harm your computer." There are three buttons: "Run", "Save", and "Cancel".
<p>You may see a status bar while the installer is running.</p>	 A screenshot of the "Symantec Encryption Desktop Setup" window. The title bar says "Symantec Encryption Desktop Setup". The main area is titled "Updating System" and says "The features you selected are currently being installed." Below this, it says "Copying new files..." and lists details: "File: PGPnetsharesdk.dll", "Directory: C:\Program Files (x86)\PGP Corporation\PGP Desktop\", and "Size: 2649024". There is a progress bar and "Time remaining: 7 seconds".
<p>Click <b>Restart Now</b> when prompted to finish the install process.</p>	 A screenshot of the "Symantec Endpoint Protection" window. It has a yellow warning icon and says: "To provide complete protection, Symantec Endpoint Protection requires this computer to restart." Below this, it says: "If you choose not to manually restart this computer, it will restart automatically on Tuesday, June 04, 2013 3:39 AM." At the bottom, there is a "Remind me in:" dropdown set to "5 mins", a "Remind Me Later" button, and a "Restart Now" button which is circled in red.
